Publications in Internationals Journals:

36. CA repeat and RsaI polymorphisms in ERβ gene are not associated with infertility in Indian men. Int J. of Androl; Vol – 32 (1); 81-87, 2008

37. CAG repeat variation in the mtDNA polymerase γ (POLG) is not associated with oligoasthenozoospermia. Journal of Andrology, 2008; ISSN-0105-6263

42. Germline study of AR gene of Indian women with ovarian failure. Gynecological Endocrinology, Early Online, 1-7, 2010

43. Aspirin plus heparin or aspirin alone in women with recurrent miscarriage. N ENGL J MED; NEJM.ORG, 29, 362;17, 2010

49. The TNP1 haplotype – GCG is associated with azoospermia. International Journal of Andrology 33, 1-10, 2010

51. To explore the effect of letrozole as ovulation inducing agent on oocyte and embryo quality in mice model; Fertility Sterility, 2010

53. C601S mutation in the androgen receptor results in practical loss of androgen function; journal of Steroid Biochemistry & Molecular Biology 122 (2010), 359-363

54. Comparison of oral dydrogestrone with progesterone gel and micronized progesterone for luteal support in 1,373 women undergoing in vitro

55. Therapeutic targeting of the TNF superfamily: A promising treatment for advanced endometrial adenocarcinoma. – gynecologic Oncology xxx 2012

64. Aspirin and low-molecular weight heparin combination therapy effectively prevents recurrent miscarriage in hyperhomocysteinemic women – PloS One, 2013

70. Identification of Key contributory factors responsible for Vascular Dysfunction in Idiopathic Recurrent Spontaneous Miscarriage. Plos one – November 2013/Vol.8/Issue 11/e80940

73. Congenital Malformation among babies born following letrozol or Clomiphene for infertility treatment. Plos one – October 2014 / Vol. 9 //Issue 10 /e108219

79. Dysregulated leukemia inhibitory factor and its receptor regulated signal transducers and activators of transcription 3 pathway: a possible cause for repeated implantation failure in women with dormant genital tuberculosis?
*Fertility and Sterility®* Vol. -, No. -, - 2016 0015-0282/$36.00
Copyright ©2016 American Society for Reproductive Medicine, Published by Elsevier Inc.

80. NMR-based metabonomics for understanding the influence of dormant female genital tuberculosis on metabolism of the human endometrium:
*Hum Reprod*. 2016 Apr; 31(4):854-65

82. Identification of serum metabolic markers for diagnosis of women with dormant genital tuberculosis; *Metabolomics*; June 2016, 12:99

84. Serum metabolomics of Indian women with polycystic ovary syndrome using 1H NMR coupled with a pattern recognition approach.

86. Progesterone Supplementation in PCOS Women Undergoing Clomiphene Citrate Stimulated IUI may improve Pregnancy – Sunita Sharma, Geeta Rani BS, S Bathwal, S Wasim, Priyanka Mandve MS, B N Chakravarty. *Annals of International Medical and Dental Research, Vol(3), Issue (4).*

88. Mutations in the prostate specific antigen (PSA/KLK3) correlate with male infertility. Scientific Reports/7:11225/DOI:10.1038/s41598-017-10866-1.

90. NR5A1 mutations are not associated with male infertility in Indian men D. V. S. Sudhakar1 | S. Nizamuddin1 | G. Manisha1 | J. R. Devi1 | N. J. Gupta2 | B. N. Chakravarthy2 | M. Deenadayal3 | L. Singh4 | K. Thangaraj1 – Wiley Andrologia 2017;e12931. wileyonlinelibrary.com/journal/and | 1 of 8
